Notes: • Short body pilot lights: 110V AC, 127V AC, 220V AC only

• Replace the □ mark by the lamp luminous color code, [see page 04/73](#)

• Pilot lights with resistor

| Lamp Voltage | LED (lamp base: E12/15) |               |             | Incandescent (lamp base: E12/15) |               |             |
|--------------|-------------------------|---------------|-------------|----------------------------------|---------------|-------------|
|              | Type                    | Rated voltage | Consumption | Type                             | Rated voltage | Consumption |
| 50V DC       | APX507-24□ *            | 24V AC/DC     | 0.8W        | AHX130                           | 18V AC/DC     | 5W          |
| 110V DC      |                         |               | 1.7W        |                                  |               | 10W         |
| 220V DC      |                         |               | 3.3W        |                                  |               | 20W         |

Notes: \* White: APX509-240

• Replace the □ mark by the lamp luminous color code, [see page 04/73](#)

• Numerical indicators

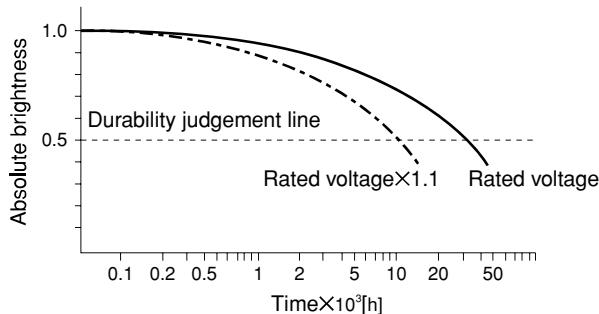

|                     |                        |
|---------------------|------------------------|
| Operational voltage | Current consumption    |
| One-digit           | Two-digit              |
| 12V DC, 24V DC      | 100mA DC      200mA DC |

■ Lamp durability

| Lamp         | Durability         | Judgement criterion                               |
|--------------|--------------------|---|
| LED          | Approx. 30000h     | When brightness is less than 50% of initial value |
| Incandescent | Approx. 5000h (AC) | When the bulb burns out                           |

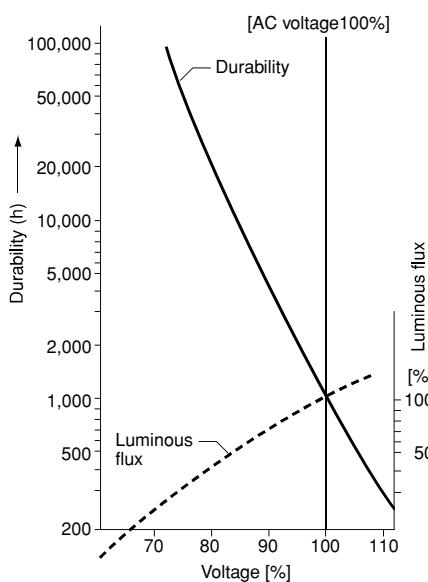

Note: The operating voltage for incandescent lamps is set at 80 to 90% of the lamp's rated voltage.

Estimated durability for LED lamps

Notes: • Durability at Ta=25°C  
• Durability is affected by temperature, humidity, and voltage fluctuation.

Incandescent lamp voltage characteristics

■ Combination of lens color and LED luminous color

| Button color<br>(lens or color plate) |      | LED lamp<br>(high-brightness) |           |            | LED unit       |            |            |            |
