**Hellermann Tyton**

[Features]

- Insulock tie standard product.

Adding carbon black to the materials improves the characteristics of the UV light for this outdoor use binding band. Perfect for areas outdoors that are not subject to ultraviolet rays.

Please use zinc-plated steel plate peripherals for outdoor applications and when in coastal regions where salt is a factor or in mountainous or snowy regions where snow melting agents and anti-freeze agents may have an effect; please use Galvalok (11 Nylon weather resistant grade).

Width A(mm)

4.8

## Insulation lock 66 nylon heat weatherproof grade **【50-1,000 Pieces Per Package】**
