### Cable entry caps, Pg

#### Type UE

- Made of polycarbonate, provided with PUR-sealing.
- With holes for couplin-pin connection.
- With knock-out pattern for Pg-cable glands.

| Description         | For opening | Knock-out pattern                    | Type      | QPC | Eaton list number |
|---------------------|-------------|--------------------------------------|-----------|-----|-------------------|
| Cable entry cap, Pg | No. 2       | 7 x Pg 16                            | UE 402/7  | 1   | 1860480           |
| Cable entry cap, Pg | No. 2       | 2 x Pg 16 + 2 x Pg 29                | UE 402/4  | 1   | 1860481           |
| Cable entry cap, Pg | No. 3       | 16 x Pg 16                           | UE 403/16 | 1   | 1860482           |
| Cable entry cap, Pg | No. 3       | 4 x Pg 16 + 2 x Pg 29 + 1 x Pg 29/42 | UE 403/7  | 1   | 1860483           |
| Cable entry cap, Pg | No. 4       | 25 x Pg 16                           | UE 404/25 | 1   | 1860484           |
| Cable entry cap, Pg | No. 4       | 6 x Pg 16 + 2 x Pg 29 + 2 x Pg 29/42 | UE 404/10 | 1   | 1860485           |

### Cable glands, plastic

#### Type E

- With fixing nut.

| Description                             | Size    | Hole to be drilled diameter | Cable diameter | Type  | QPC | Eaton list number |
|---|---------|-----------------------------|----------------|-------|-----|-------------------|
| Cable glands (plastic), with fixing nut | Pg 7    | 13 mm                       | 3.5 - 6 mm     | E 407 | 10  | 1304915           |
| Cable glands (plastic), with fixing nut | Pg 9    | 16 mm                       | 6 - 8 mm       | E 409 | 10  | 1304916           |
| Cable glands (plastic), with fixing nut | Pg 11   | 19 mm                       | 8 - 10 mm      | E 411 | 10  | 1304917           |
| Cable glands (plastic), with fixing nut | Pg 13.5 | 21 mm                       | 10 - 12 mm     | E 413 | 10  | 1304918           |
| Cable glands (plastic), with fixing nut | Pg 16   | 23 mm                       | 12 - 14 mm     | E 416 | 10  | 1304919           |
| Cable glands (plastic), with fixing nut | Pg 21   | 29 mm                       | 14 - 18 mm     | E 421 | 10  | 1304920           |
| Cable glands (plastic), with fixing nut | Pg 29   | 38 mm                       | 18 - 24 mm     | E 429 | 10  | 1304921           |
| Cable gland (plastic), with fixing nut  | Pg 36   | 48 mm                       | 24 - 30 mm     | E 436 | 1   | 1304922           |
| Cable gland (plastic), with fixing nut  | Pg 42   | 55 mm                       | 30 - 35 mm     | E 442 | 1   | 1304923           |
| Cable gland (plastic), with fixing nut  | Pg 48   | 60 mm                       | 35 - 40 mm     | E 448 | 1   | 1304924           |

### Cable entry boxes

#### Type E

- Provided with sealings and tightening screws.

| Description                             | For enclosure opening | Cable entry Max. | Type      | QPC | Eaton list number |
|---|-----------------------|------------------|-----------|-----|-------------------|
| Cable entry box, fully closed           | No. 3                 | -                | E 403     | 1   | 1304808           |
| Cable entry box, with 1 rubber grommet  | No. 3                 | 60 mm            | E 403/160 | 1   | 1304809*          |
| Cable entry box, with 2 rubber grommets | No. 3                 | 60 mm            | E 403/260 | 1   | 1304810*          |
| Cable entry box, fully closed           | No. 4                 | -                | E 404     | 1   | 1304811           |
| Cable entry box, with 1 rubber grommet  | No. 4                 | 80 mm            | E 404/180 | 1   | 1304812*          |
| Cable entry box, with 2 rubber grommets | No. 4                 | 80 mm            | E 404/280 | 1   | 1304813*          |
| Cable entry box, with 3 rubber grommets | No. 4                 | 80 mm            | E 404/360 | 1   | 1304814*          |

\*) Rubber grommet can be cut out to suit the required cable diameter, see tables on page 158.

1304824

### Cable entry boxes, segmented

#### Type EG

- Degree of protection IP55, in accordance with EN-IEC 10529.
- With segregated cable clamp(s).
- Including fixing material and tightening screws.

| Description                                    | For enclosure opening | Cable entry Max. | Type       | QPC | Eaton list number |
|--|-----------------------|------------------|------------|-----|-------------------|
| Cable entry box, with 1 segmented cable clamp  | No. 3                 | 60 mm            | EG 403/160 | 1   | 1304824*          |
| Cable entry box, with 2 segmented cable clamps | No. 3                 | 60 mm            | EG 403/260 | 1   | 1304825*          |
| Cable entry box, with 1 segmented cable clamp  | No. 4                 | 60 mm            | EG 404/160 | 1   | 1304837*          |
| Cable entry box, with 1 segmented cable clamp  | No. 4                 | 80 mm            | EG 404/180 | 1   | 1304826           |
| Cable entry box, with 2 segmented cable clamps | No. 4                 | 60 mm            | EG 404/260 | 1   | 1304838*          |
| Cable entry box, with 2 segmented cable clamps | No. 4                 | 80 mm            | EG 404/280 | 1   | 1304827           |
| Cable entry box, with 3 segmented cable clamps | No. 4                 | 60 mm            | EG 404/360 | 1   | 1304828*          |

\*) Provided with segmented rubber ring(s) for cable diameter 41/46/55 mm, see tables on page 158.
